Profile

A passionate MERN Stack Developer with hands-on experience in designing and developing full-stack web applications. Skilled in React.js, Node.js, Express.js, and MongoDB, with a strong foundation in frontend technologies like Bootstrap and Tailwind CSS. Proven ability to deliver robust, user-centric solutions, including a comprehensive Gym Management System and a dynamic marriage app interface. A proactive learner committed to continuous improvement and innovation in web development.

Education

BS Software Engineering, Air University, Islamabad

OCTOBER 2021 — JUNE 2025

Intermediate, Superior College, D.G Khan

APRIL 2018 — JULY 2020

Courses

MERN STACK, Professional Freelancing Training Program(PFTP)

JULY 2024 — OCTOBER 2023

Internships

Software Developer, The TekSol

JULY 2023 — SEPTEMBER 2023

During my internship at Teksol, I served as a Frontend Developer, where I crafted the user interface of a marriage app using React.js, Bootstrap, and Tailwind CSS. I also integrated APIs to deliver a seamless and responsive user experience, ensuring a visually appealing and highly functional frontend.

Software Engineer, Nayatel, Islamabad

JULY 2024 — SEPTEMBER 2024

- During my internship at Nayatel, I successfully designed and developed a comprehensive Gym Management System using the MERN stack. I created a seamless frontend with React.js and built a robust backend with Node.js, Express.js, and MongoDB, enabling efficient management of admin tasks, trainee and trainer profiles, and payment processing. This project highlights my ability to deliver full-stack solutions from the ground up.
